

T201 - Cotton Cord

Manufacturing Code

T201

Manufacturing Type

Braided Production

Width Range

From 2mm to 10mm

Material Composition

%100 Cotton

Density

10mm , m/gr = 0,025

Washing Instruction

Usage Areas

Medical, Clothing, Home Textile, Garment, Sewing, Fashion, Sports Wear, Printery, Automotive, Shoes, Developing Defence, Furniture etc.

Certification

OEKO-TEX®
CONFIDENCE IN TEXTILES
STANDARD 100
2019OK0492 AITEX
